

# Do you have sickle cell disease and are between 5 and 80 years of age?

Researchers at the Kennedy Krieger Institute and the Johns Hopkins Hospital are looking for volunteers to participate in a research study on sickle cell disease, hearing loss, and dizziness.

## **To participate in the study, you must:**

- Be 5 to 80 years of age
- Have a diagnosis of sickle cell disease

## **This study involves:**

- Short survey
- Neurological examination
- Hearing and Dizziness testing
- MRI of the brain
- Blood sample

## **Compensation provided**
