

Therapeutic Foster Care Program at Kennedy Krieger

You don't have to be a hero to help one.

A safe haven, a loving space, a home; this is what every child deserves. Kennedy Krieger has been supporting children requiring therapeutic foster care for nearly 40 years.

Consider joining our Therapeutic Foster Care program as a therapeutic foster parent for children with medically complex, developmental, emotional and/or behavioral conditions.

If you aren't able to commit to the time required to become a therapeutic foster parent, consider becoming a respite-only foster parent for a shorter period of time.

The photograph used is for illustrative purposes only, and any person shown is a model.
