This session will provide an overview of supported decision-making as an alternative to guardianship, including a discussion of Maryland's supported decision-making legislation. Supported decision-making has gained national and international recognition as a best practice and legal tool that can preserve the civil rights of people with disabilities and eliminate the need for a guardian in certain situations. The presentation will discuss standards for pursuing guardianship of the person and guardianship of the property. They will also discuss other alternatives to guardianship, including advance directives, advance directives for mental health, surrogate decision-makers, representative payees and powers of attorney. Resources and referrals on alternatives to guardianship and supported decision-making will be provided. **Instructional level:** Intermediate.

Who should attend? Professionals and anyone interested in the topic. 3.0 Continuing Education Credits (Category 1) will be granted to licensed social workers and psychologists for attending the session in full and completing all requirements. A Certificate of Attendance will be made available for all other disciplines.
