

Research Opportunity

Ages 8 months – 12 months

Help your baby learn through play!

Researchers at the REACH Child Development Center have developed a learning program designed around social play!

You and your child are invited to participate in a research study to test the effectiveness of a new way of having playtime to improve social communication skills!

You & your child may qualify if your child...

Is between the ages of 8 and 12 months
and
Does not have visual or hearing impairment

What is involved?

- Brief visits to REACH for assessments of your baby's development
- Completing questionnaires about you and your baby
- Weekly meetings with an infant learning specialist
- Completing brief daily checklists
- Families will receive a \$25 stipend and may receive an additional \$25 at the completion of the study

Approved December 15, 2017

Dr. Rebecca Landa, Principal Investigator
JHMI IRB Protocol #: IRB00065698
