

## TAKE PART IN BRAIN RESEARCH!

### ATTENTION: PARENTS OF CHILDREN AGES 8 TO 12:

We are recruiting children to participate in an MRI research study to learn if there are differences between the brain's structure and its function in children *with* and *without* Tourette Syndrome (TS).

- WHO:** CHILDREN WITH TS AND  
TYPICALLY DEVELOPING CHILDREN
- WHAT:** Two days consisting of computer games, paper & pencil tasks, Transcranial Magnetic Stimulation (TMS), and a Magnetic Resonance Imaging (MRI) scan of the brain. IQ testing and report and a picture of your child's brain!
- WHERE:** Kennedy Krieger Institute
- BENEFIT:** There are no significant risks or direct medical benefits for participating in this study.
- COMPENSATION:** \$50.00 PER DAY OF STUDY PARTICIPATION
- CONTACT:** Kaitlin Gaylor: 443-923-9254
