

## ATTENTION:

### Parents of children ages 6-17 years-old

We are recruiting children with and without autism, as a comparison group, to help us learn more about imitation and motor skills in Autism Spectrum Disorders

**What:** Two 4-hour visits at our center, including achievement and motor assessments and a dance imitation task

**Where:** Kennedy Krieger Institute,  
Non-profit with on-site accommodations  
(716 N Broadway, Baltimore, MD 21205)

**Benefit:** There are minimal risks and no direct benefit for participating in this research study

**Compensation:** \$50 per visit

**Contact:** [CNIR@kennedykrieger.org](mailto:CNIR@kennedykrieger.org)
